

Portage Lake Sportsmen's Club

Rules for Using Membership Clay Target Thrower

- Read and follow the instructions posted near the thrower about safe and proper operation of the machine. (Similar machines have injured club members and required visits to hospital emergency rooms for stitches and to check for concussions.)
- No users under the age of 16 without close adult supervision.
- Shoot from platforms 1 and 2 ONLY - no other positions.

- Bring your own clay pigeons!
- Do not pick up any unshot clay pigeons from the field.
- You should never need to go down range from the shotgun firing line, but, if you do, you must coordinate with shooters, if any, on the rifle range.
- Do not use shot larger than 7-1/2. (Do not use 6, 4, 2, BB, T, buckshot, etc)
