

Portage Lake Sportsmen's Club

Sight-in Day at the Portage Lake Sportsmen's Club

Saturday, November 11, 2017
10:00 am until 3:00 pm

Come out and see our new deck, take a few practice shots with your deer rifle and stay for lunch! This event is open to non-club members so bring a friend!

Experienced and inexperienced shooters/hunters are welcome. We will have lots of toys including camera equipment to view shots from the firing line in real time, bore sighting equipment for scopes, a Doppler radar chronograph, a torque driver for securing scope rings, and volunteers to answer any questions you may have about shooting or firearm deer hunting.

Lunch will be served at noon in the clubhouse (hamburgers, hotdogs, brats, chips, baked beans, soft drinks, coffee, etc.). Note: To help us estimate how much food we should purchase, please let us know if you plan to attend (portagelakeclub@gmail.com).
